This is Aqueduct Primary School Publication Scheme on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme.

Freedom of Information Act 2000

The Freedom of Information Act 2000 (FOIA) received Royal Assent in November 2000. It applies to all public bodies, which includes *“the governing body of a maintained school, within the meaning of the School Standards and Framework Act 1998”*. There are two deadlines relating to schools within the Act:

1. A Publication Scheme must be approved and active by February 2004
2. From January 1st 2005 people will have a **right** to the information held by school, subject to certain exemptions.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- *The classes of information which we publish or intend to publish;*
- *The manner in which the information will be published; and*
- *Whether the information is available free of charge or on payment.*

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

At Aqueduct Primary School we strive to provide high quality teaching and learning within a caring environment. We value diversity, promote equality and celebrate achievement. We aim to develop the whole child, working in partnership with parents, families, carers and the wider community. Our intention is to enable each child to achieve their full potential within a safe and secure learning community.

This publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as ‘classes’. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Prospectus – information published in the school prospectus.

Governors' Documents – information published in the Governors Annual Report and in other governing body documents.

Pupils & Curriculum – information about policies that relate to pupils and the school curriculum.

School Policies and other information related to the school - information about policies that relate to the school in general.
