Dear Aqueduct Primary School

On behalf of Autism West Midlands, I would like to thank you for your kind donation of **£120.60**. We are so grateful for your support.

There are 60,000 people living with autism in the West Midlands. With the funds you donate we can continue to provide 1 to 1 support, training, advice session, parents groups, siblings groups and family outreach work, plus many many more activities. For a lot of parents, we are sometimes simply just a listening ear at the end of the phone.

"On the days when I was at the end of my tether, I would call Autism West Midlands in tears, chat for half an hour and hang up feeling that I had been listened to, I could cope." **Parent of a child with autism**

Thank you again for your support, from all of the individuals and the families that we work with. Together we can work towards our vision of a world where people with autism are universally understood and accepted as equal citizens.

For more information about our services and events please visit www.autismwestmidlands.org.uk

Yours sincerely,

Daniel Sturley
