

The Curriculum at Aqueduct Primary School.

Vision

Our vision is to offer an engaging school experience in which children are totally involved in their own learning. We want everyone to enjoy learning, make friendships and become caring, responsible citizens. Our curriculum is diverse, inspirational and thought provoking. Memorable moments will inspire children to learn beyond the school gates...

Sharing our Curriculum

Our curriculum is ever changing adapting to meet the needs of the children we teach and linking to the society and the ever-changing world in which we live.

Please use this page to link to our curriculum, planning and policy.

If there is anything you cannot find please contact us, as we are keen to consistently improve our offer.

Aims

We aim to deliver and enjoy teaching a broad and balanced curriculum that meets the needs of all of our learners and prepares them for life at secondary schools and beyond...

Our School

Aqueduct operates as a one and a half form entry, resulting in some classes being mixed aged groups. Our planning is structured over a two year cycle to ensure all children receive a broad, balanced and exciting curriculum that meets the requirements set out by the National and EYFS curriculum.

Cornerstones Curriculum.

Our curriculum is based on 'Cornerstones,' a creative, thematic approach to learning, which we feel excites children not only to learn but to remember. We feel a cross curricular approach benefits our children as it provides a meaningful context for learning.
