Year 3 & 4 Entrance and Exit

Dear Parents/Carers,

We have received lots of feedback about the use of the back gate and have been discussing possible solutions. We recognise that the car park can become quite busy in the morning and after school, however this is a resident car park and not recommended for parents to park in. The recommendation has always been that you continue to find a safe and legal place to park on the road as normal and use the back gate to access the school site on foot. Please can I ask that you are thoughtful of our residents and careful around this area, watching out for children and other pedestrians to ensure everyone's safety.

We also recognise that the path from the gate is quite thin and difficult to pass on whilst remaining socially distant. Thank you to those of you who see someone coming and step aside to allow pushchairs through the gate. Most of you for a while now have been using the daily mile track when arriving and the path when leaving. We would like to ask that everyone do this and have put down a temporary link between the path and the track in the form of some artificial grass to prevent getting muddy and possibly slipping (We are awaiting a visit from a contractor to discuss other possible options). Please see the pictures below which should help to understand the new system.

Unfortunately, the alternative option would be to have staggered start and finish times for year 3 and 4 and I welcome your views regarding this arrangement and the possibility of staggered times in the future.

Kind Regards

Mrs Tammy Lockley
