

Home Experience

Date Set (Friday): 21/1/22 Reviewed (Wednesday): 24/1/22

We have provided you with your Home Experience book to use at home. As a temporary measure we would ask that you do not bring this into school.

Reading

Please continue to read at least ten minutes daily at home. Keep a log in your reading record so that you can collect stickers on your bookmark. Don't forget that when your bookmark is full, you get to choose a book to keep! **ADULTS DON'T FORGET TO SIGN THE READING RECORD EVERY TIME YOUR CHILD READS AT HOME. THIS COULD BE THEIR SCHOOL BOOK, COMICS, FAVOURITE BOOKS... ETC.**

RWI Sounds of the week

A message will be in your child's reading record with which group they are for RWI so you know which sounds to focus on.

Mrs Medland's group – ay ee

Mrs Duppa's group – ch qu

Miss Fairs' group – i n p g

REMEMBER TO USE PURE SOUNDS PLEASE SEE -
<https://www.youtube.com/watch?v=s6OiU2h3sUI>

This is an app which can be downloaded on tablets/phones or log in using your computers. It is to help your children with basic maths knowledge for quick recall. It is important you do not help your children because if they do not complete questions, the idea is they will recall quicker the next time. I can log on and monitor scores and look at class scores.

Number bonds of 5 and 10

Home Experiences

1. Look at the online games for Number bonds to 10 (making 10 with two numbers). The children need to be able to automatically recall these with no resources but by rote at the end of Reception.

And/or

2. Choose something from the home experience booklet - Mrs Duppa suggests playing a board game.

Upload any photos on to your child's portfolio and we will look at them in class. Thank you 😊
