

Class 2 Newsletter

Spring Term 2 2023—2024

Important Reminders

! Our P.E days are Monday and Tuesday. Children are to come into school in their PE kits on these days. Children should be in the correct school uniform and school shoes for the rest of the week.

Educational Visits and Experiences.

Year 1 are visiting Weston Park on Friday 1st March to learn about materials. We will be spending the day taking part in the 'Mighty Material Carousel', before making S'mores over a campfire!

Home experiences

Remember to keep checking the school website and class dojo for your suggested home experience!

Anything you do at home the children wish to share, please add photos onto Dojo, these don't have to be recommended activities. It just gives the children a lovely chance to share what they have been up to at home with their friends.

Useful Links and Websites!

Purple Mash— on this website the children will be able to take part in a range of games, activities and coding sessions -

<https://www.purplemash.com/sch/aqueduct>

Class Dojo—If you require a login to our class dojo please pop and see me!

A message from the teacher

Welcome back! It has been a very busy start to the new term in class 2 and we have got lots of exciting things to look forward to over the next few weeks!

This half term we are focussing on the value of learning, where we are focussing on what helps us to learn and what we enjoy about the learning, the children have already shown lots of enthusiasm to their learning this week.

Our Learning This Half Term

In DT for this half term the children will be designing, making and evaluating their very own healthy cereal bars. Continuing from our learning on healthy eating last term, the children will be tasting and creating their very own healthy snacks.

In Year 1 science we are continuing our learning of every day materials, this half term the children will be conducting their very own investigations of which materials would be best to use for making an umbrella.

In Geography this term we are beginning our learning by looking at our local area on a map, and throughout the half term we will be working our way up to a map of the world, when we will learn about the continents and oceans.
