

## Important Reminders

Our PE days are on a Monday and Tuesday. We are asking for your children to come dressed in their PE kits for these days.

## Home Experiences

You can either choose things from the home experience booklet and/or you may like to have a go at the homework which is put on to Class Dojo. You can upload photos on to your child's portfolio to share with the class.

## Reading Challenge

This term we are asking you to read with your child at least 10 minutes **EVERYDAY**.

We will be checking Reading Diaries and giving your child a sticker and a new book to take home and keep if they complete their book mark!

## A Message from Mrs Duppa

I can't believe this is their final half term.... Look how far have they come! As we approach the final assessments, we just need to keep them going with their reading practise at home and memorising their number bonds.

Let's have a fantastic last half term—Making memories!

## Our Learning -

Summer 2nd Half 2024

**"Shall we go and explore?"**

During the final half term we will be building up for transition. We will be visiting the Think Tank Museum and talking about the local environment. We will be exploring Aqueduct and making maps. We will also be planting and learning about growth.
