### Cut Your Carbon Month

Dear Parents/Carers,

November is 'Cut Your Carbon' month.

Our friends, Eco-Schools, are challenging children and young people across the UK to take action and raise awareness on carbon emissions. Which we at Aqueduct would like to engage with.

The challenge is simple: throughout November, Cut Your Carbon by completing 6 simple actions with your friends and family.

From sustainable travel to planet-friendly eating, each action connects to an area of everyday life that contributes to your carbon footprint. Actions raise awareness, change behaviours, and help to reduce your emissions.

Your children will be given a checklist to keep track of the actions completed and asked to bring back at the end of the month. We also welcome any pictures on ClassDojo portfolios of you taking part in activities.

With kind regards,

Mr. Parker
